SUMMARY

Highly motivated and results-driven Computer Science graduate with a solid foundation in full-stack web development. Proficient in both front-end and back-end technologies. Looking to leverage technical skills and enthusiasm for development in a challenging role to contribute to innovative projects and drive company success.

SKILLS

Frontend Development: HTML, CSS, JavaScript, React, jQuery, UI/UX.

Backend Development: Node.js, Express.js, API development.

Database: MySQL, PostgreSQL, MongoDB.

Version Control: Git.

Soft Skills: Problem Solving and debugging, Communication, Time management, Code quality.

WORK EXPERIENCE

FULL STACK DEVELOPER INTERN | Solar Secure Solution

05th Feb 2025 – Present

- Collaborated with a team of developers to design and implement responsive web applications using both Frontend and Backend Technologies.
- Assisted in the integration of front-end components with server-side logic and databases, ensuring seamless data flow and performance.
- Completed minor projects, gaining exposure to full project lifecycles from design to deployment, and enhanced problem-solving skills. Managed database operations, including design, implementation, and maintenance.

FRONT-END DEVELOPER INTERN | Motion Cut

15th Aug 2024 – 15th Oct 2024

- Technologies: JavaScript, HTML, CSS, JavaScript, React, Front-end frameworks.
- Implemented responsive design principles to enhance user engagement and experience.
- Participated in code reviews, contributing to best practices and knowledge sharing within the development team.

INTERNSHIP | W3Idea Solutions

07th Aug 2023 – 07th Sep 2024

- Technologies: Python, MySQL, Django, REST framework.
- Implemented RESTful APIs and WebSocket connections to enable seamless data transmission.
- Developed and tested robust APIs using Django, integrating MySQL for data storage and management.

PROJECTS

Tiffin Center Application

- A web application designed to provide a seamless and user-friendly experience for ordering affordable and nutritious homemade meals.
- Integrated APIs to enhance functionality and data flow between services.
- Tech Stack: Frontend HTML5 (structured content), CSS (responsive and aesthetic design), JavaScript (interactivity and dynamic elements). Backend Node.js.

CERTIFICATIONS AND TRAINING

- Full Stack Web Development Certificate at Alma Better collaborated with IIT Guwahati.
- Comprehensive course to enhance skills in front-end and back-end development, including modern frameworks and technologies.

EDUCATIONAL QUALIFICATIONS

- VISVESVARAYYA TECHNOLOGY UNIVERSITY, BELEGAUM, 2020 – 2024, .
Computer Science Engineering – **CGPA : 8.0**
